WONDERFUL FIT
A Vocation Vacation
At Florida Institute of Technology, you’ll find unparalleled riverfront living at a step above all the rest. FIT, set in 84 acres of magnificent subtropical splendor reflects your personality and lifestyle on a campus so well planned and executed that it uniquely meets your exacting needs.

If you are a discerning student, you’ll know that not all college campuses are alike. Here at FIT, you’ll find a moderately priced developing campus that offers affordable luxury in an incomparable setting, designed with the discriminating student in mind.
FIT is not a nursing home, but a fully modern post-adolescent recreational community. For your amusement, you'll find incomparably equipped laboratory facilities. Yes, imagine the joy and fulfillment that will be yours while browsing through Burge's Manual for the Determination of Microbiological Species and playing with the atomic absorption spectrophotometer or just performing a quantitative analysis of calcium, phosphorus or a wide range of monophosphates.
Here at FIT, you’ll find quiet luxury and a secluded atmosphere. Quietly cut off from the hectic life of Jensen Beach, the campus remains a sanctuary from the cares and woes of the world. You’ll never be bothered by harsh news of the outside world because here, nobody cares.
The on-campus residential areas offer affordable luxury as well as the utmost in selective companionship.

And to satisfy your every culinary wish a modern gourmet restaurant sits conveniently between the two three-story residences. Enjoy a breathtaking vista of the beautiful Indian River or watch fellow students frolicking on the expansive lawn while you dine.

Spontaneous recreational activities include corridor frisbee, hot dog frisbee, freestyle frisbee, let’s-see-if-we-can-raise-your-voice-three-octaves frisbee, decapitation frisbee, get-rid-of-that-damned-frisbee frisbee, frisbee-frisbee frisbee, and frisbee-frisbee frisbee.
Expertly maintained with demanding care by our own staff of highly trained technicians, FIT’s magnificent near-Olympic size pool offers a beautiful way to pass the day under Florida’s incomparable sun, or just a quiet place to sit back and watch the world go by.

Or, if you prefer a more active life, you can let one of our pros show you the finer points of scuba diving, or just relax and kick back with a good thick book after bicycling around the metropolitan area.

Either way, you’ll find more than just a swimming pool at FIT.
You'll find lots of fun activities to round out your busy schedule here at FIT. Almost any occasion is cause for celebration: Halloween, Thanksgiving, Christmas, New Year's, Valentine's Day, National Hot Dog Week, and even the timely opening of our swinging singles club, the Rathskeller.

But most students need no cause for celebration.

They do it all the time anyway.
You’ll find FIT is the best Jensen Beach has to offer in year-round post-secondary education. FIT remains unsurpassed in high quality maintenance, top-notch medical care, carefree lifestyles and fun activities.

And when your years at FIT are over, you’ll go with the satisfaction of taking with you the degree of your choice.

Because Buddy, you’ve earned it.
Well, thanks for the tour dean.

Anymie, Alex. You know the students always come first here at FIT-JBC.
